

Model 37
 Scarf with flounces
 Approx 20 cm or 8" wide and 150 cm or 60" long

Materials: Linie 194 Solo, at choice 200 g each in col 05 (olive/dark green), col 03 (cognac/brown), col 04 (red/wine red), col 01 (grey/black) or col 02 (violet/black), short needles of 2 double-pointed needle size 3.5 – 4.5 mm.

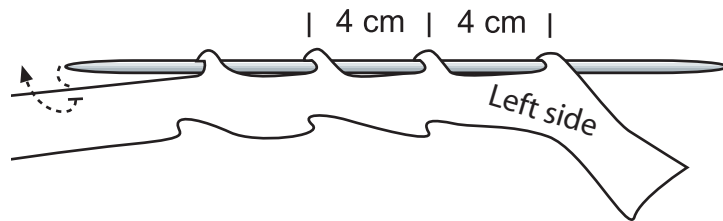

Basic pattern: work foll diagram.

INSTRUCTIONS

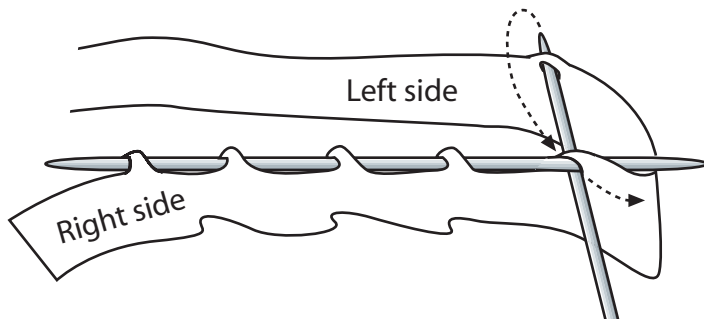

Please note: knitted band has a right and a left side. Work with left side visible while working, then borders will roll over right side, thus accentuating flounce effect.

Advice: Stitches can be picked up along light or dark border. A beautiful look is given when sts are worked along the dark border.

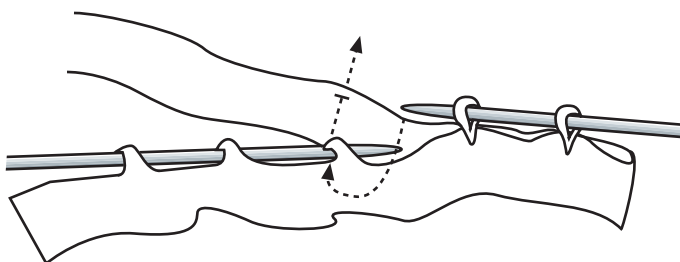

Scarf: for a scarf measuring approx 20 cm or 8" along lower edges, pick up 7 sts along knitted band and work approx 150 cm or 60". Length when wearing: approx 200-220 cm or 80-88", width approx 20-10 cm or 8-4". Work off each stitch with a thin thread in matching col.

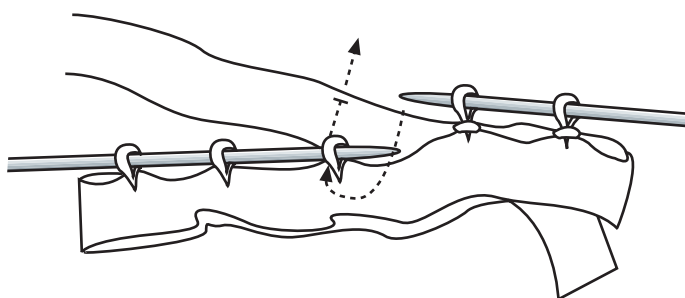

For 1st row insert into top border of knitted band and slip "stitches" on needle spaced approx 4 cm or 1 5/8" apart.

For turning leave 4 cm or 1 5/8" and work K sts, for each new stitch insert only into top border of knitted band.

Work K sts.
 Advice: for a uniform spacing of approx 4 cm or 1 5/8" position right middle finger between knitted band and new stitch. Don't warp band while knitting!

Work all foll rows as given to chosen length.
 Note: knitted piece will be longer while wearing, and thinner
